

GOOGLE FORM ACTIVITY

PREPARATION :

The image shows a Google Form titled "DIGITAL LITERACY AWARENESS QUIZ". The form is set against a light purple background. The title is in bold black text, and below it is a subtitle: "This quiz is designed to test your knowledge of digital literacy and safe internet practices." The form contains three questions. The first is a multiple-choice question: "What does digital literacy mean?" with four options: "Ability to use digital devices effectively", "Ability to read books", "Writing skills only", and "Playing games online". The second is another multiple-choice question: "Which of the following is a strong password?" with four options: "123456", "qwerty", "Abc@1234", and "password". The third is a multiple-choice question: "What is phishing?" with four options: "A type of computer hardware", "A method of catching fish", "A cyber attack to steal personal information", and "A programming language". Below these are two more multiple-choice questions: "Which action helps protect your online privacy?" with four options: "Sharing passwords with friends", "Clicking unknown links", "Using privacy settings on social media", and "Posting personal details publicly". The final question is a short-answer question: "Why is digital literacy important?". The form includes a sidebar on the right with icons for adding questions, sections, and other elements. A question mark icon is visible in the bottom left corner of the form area.
